Dear Course Participant,

Thank you for your participation in this course. You should have received an e-mail to the Course Landing Page. On this page you will find the link to the Course Evaluation.

The course evaluation is an accreditation requirement. Below please find a direct link:

https://www.surveymonkey.com/r/ULTOBC16

The feedback you provide as a course participant will help us evaluate the effectiveness of this program and will assist us in developing future activities.

Thank you!
Educational Symposia
In accordance with the Accreditation Council for Continuing Medical Education’s Standards for Commercial Support, Educational Symposia requires that all Planning Committee, academic faculty members, and peer reviewer(s) involved in the development of CME content disclose financial relationships which have relevance to the CME content of the activity. An individual has a relevant financial relationship if he or she (or his or her spouse/partner) has a financial relationship in any amount occurring in the last 12 months with a commercial interest whose products or services are discussed in this CME activity, and over which the individual has content control.

The Planning Committee, academic faculty members, and peer reviewer(s) for this symposium were required to complete a Full Disclosure Form, and their disclosures, if any, are listed below. If relationships were identified, those Planning Committee and/or faculty members, and/or peer reviewer(s) attested that such relationship(s) would not cause them to be commercially biased. In addition, each has signed a Resolution of Conflict of Interest form agreeing that, when developing or presenting content discussing healthcare products or services with those manufacturers or providers with whom he or she (or his or her spouse/partner) has a relevant financial relationship, they will: (1) use the “best available evidence” in the specialty or therapeutic area as support for any statements he or she makes about those products or services; (2) not make patient care or practice recommendations based on his or her “clinical experience” only, although he or she may indicate that a particular product or service is utilized in his or her practice; and (3) not express a personal or professional preference for those products or services.

Faculty members have been advised that if their lectures will include discussion of off label or investigational use of any product, they must disclose this to the audience.

Norfolk, VA
Ultrasound in Obstetrics and Gynecology: An Update
Western Caribbean Holiday aboard the Oosterdam
Roundtrip from Tampa, Florida
December 30, 2016 - January 6, 2017

TARGET AUDIENCE

This program is designed for obstetricians and gynecologists, radiologists, family medicine physicians, genetic counselors and sonographers, who order, perform and interpret ultrasound examinations in obstetrics and gynecology. The goal of this educational activity is to bring the level of practice for the health practitioners to a higher degree of proficiency in obstetrics and gynecologic sonography.

EDUCATIONAL OBJECTIVES

Attendees should, at the completion of this course, be able to:

• Assess the fetus in the first trimester.

• Utilize ultrasound to assess patients with an adnexal mass.

• Evaluate patients for the presence of Mullerian anomalies of the uterus.

• Increase awareness of fetal cardiac anatomy and the assessment of the fetal cardiovascular system on ultrasound.

• Discuss the use of ultrasound in evaluation of the fetal central nervous system and genitourinary anomalies.

• Explain the concepts of 3D ultrasound and their utility in obstetrics & gynecology.

• Discuss the fetal adaptation to hypoxemia and the role of Doppler in the management of fetal growth restriction.

No special educational preparation is required for this CME activity.

ACCREDITATION

Physicians: Educational Symposia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Educational Symposia designates this live activity for a maximum of 11.0 AMA PRA Category 1 Credit(s)TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
Ultrasound in Obstetrics and Gynecology: An Update
Western Caribbean Holiday aboard the Oosterdam
Roundtrip from Tampa, Florida
December 30, 2016 - January 6, 2017

CME APPLICATION

DEGREE: [ ] M.D. [ ] D.O. [ ] R.D.M.S. [ ] OTHER __________

A. Educational Symposia designates this live activity for a maximum of 11.0 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

B. In order to obtain a Certificate of Attendance or to obtain AMA PRA Category 1 Credit(s)™ for your attendance, please complete this form and turn it in to Dr. Abuhamad immediately following the last lecture you attend. You must write in the number of credits you are claiming.

C. CME Certificates of Attendance will be MAILED TO YOU. You should receive your Certificate of Attendance within thirty days after the conclusion of this meeting. Please print clearly.

1. NAME________________________________________ 2. SPECIALTY____________________
   (FIRST) (MIDDLE) (LAST)

3. DAYTIME PHONE NUMBER________________________ 4. BIRTHDATE____________________

5. MEDICAL SCHOOL________________________________ Physicians Only (Graduate - Year and Name) (Degree)

6. EMAIL __________________________________________

If you have had a change of address and/or phone number since you registered for this conference or if your address and/or phone number will change in the near future, please indicate the new information below:

Address________________________________________________________

Phone______________ Effective date of address and/or phone number change______________

I CERTIFY THAT I HAVE ATTENDED THE ABOVE-REFERENCED COURSE AND THAT I AM CLAIMING ______ AMA PRA Category 1 Credit(s)™
(Maximum number of credits is 11.0)
