About the DVD series....

This DVD CME activity focuses on cardiac MRI from a diagnostic and clinical perspective. Didactic sessions include an explanation of appropriate clinical indications, details on image acquisition, and tips on post-processing analysis. Numerous case presentations focus on examples of cardiac pathology that are readily diagnosed with cardiac MRI. When appropriate, comparisons are made with other imaging modalities.

- Recognize the MR appearance of normal cardiac anatomy, congenital anomalies and common pathology.
- Implement appropriate imaging protocols for cardiac MRI procedures into clinical practice.
- Assess the benefits and pitfalls of cardiac MRI in the evaluation of cardiac pathology.
- Discuss advanced and future applications of cardiac MRI.

No special educational preparation is required for this CME activity.

NEW DVD CME Packs

Educational Symposia is constantly exploring ways to better serve our customers. Subscribers of our DVD CME teaching programs asked for a simpler way to share a DVD Teaching Program. We listened and are excited to introduce the **DVD CME Pack**.

Here's how it works. Purchase the original DVD teaching program then order as many **DVD CME Packs** as needed at a significantly reduced price. It really is that simple!

Educational Symposia's innovative **DVD CME Packs** allow each participating physician to own his/her set of DVDs. A personal set provides the opportunity to view at one's own convenience and adds to a personal reference library. **DVD CME Packs** are priced to make it a practical alternative to "waiting in line" to receive the next DVD.

Each **DVD CME Pack** contains:

- An entire set of DVDs in a convenient case designed for durability and ease of access
- One CME application and test
- A one or two volume syllabus (depending on the series). Syllabus is included in the purchase price but is not enclosed in the DVD CME case.

See order form to order a **DVD CME Pack** for this series. To order a **DVD CME Pack** for a previously purchased DVD teaching program, visit us online at www.edusymp.com, call toll free (800) 338-5901.
