SURGICAL PATHOLOGY UPDATE:

Diagnostic Pearls for the Practicing Pathologist

This Activity is Designated for SAM Credits

November 1-3, 2018

Hyatt Regency Scottsdale Resort and Spa at Gainey Ranch
Scottsdale, Arizona

17.5 AMA PRA Category 1 Credit(s)TM

ESI Educational
Symposia

ABOUT THE MEETING

This seminar is meant to provide the practicing pathologist an up-to-date and comprehensive review of a variety of topics in surgical pathology and cytopathology including gastrointestinal, genitourinary, soft tissue, gynecologic and dermatopathology. In some areas, emphasis will be placed on correlation between cytopathology and surgical pathology findings. This course will also include an overview of diagnostic pearls which allow for an accurate diagnosis as well as common diagnostic pitfalls. Portions of the course will also focus on pertinent diagnostic techniques, including immunohistochemistry and molecular diagnostics, which allow the pathologist to refine their diagnosis. There will also be a significant opportunity for interactive discussion between participants and faculty.

TARGET AUDIENCE

This CME activity is primarily designed to educate practicing pathologists.

SCIENTIFIC SPONSOR

Educational Symposia

ACCREDITATION

Physicians: Educational Symposia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Educational Symposia designates this live activity for a maximum of 17.5 *AMA PRA Category 1 Credit(s)*TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Educational Symposia is approved by the American Board of Pathology (ABP) to offer Self-Assessment credits (SAMs) for the purpose of meeting the ABP requirements for Maintenance of Certification (MOC). Registrants must take and pass the post-test in order to claim SAMs credit. Physicians can earn a maximum of 17.5 SAM credit hours.

EDUCATIONAL OBJECTIVES

Attendees should, at the completion of this course, be able to:

- Describe the most common well-differentiated lipomatous tumors and the major diagnostic criteria for separating them from one another.
- Identify the most common morphologic patterns seen in soft tissue tumors.
- Apply the most useful immunohistochemical and molecular diagnostic techniques in the evaluation of soft tissue tumors.
- Discuss updates in the most recent WHO classification of renal tumors.
- Restate common and uncommon diagnostic pitfalls in bladder pathology.
- Explain how to reliably utilize both morphology and immunohistochemistry to differentiate germ cell tumors from mimics.
- Identify the histologic features of select cutaneous fibrohistiocytic tumors.
- Recognize cutaneous adnexal tumors that are associated with hereditary cancer predisposition syndromes.
- Describe the most useful ancillary diagnostic tests to aid in the diagnosis of challenging melanocytic lesions.
- Discuss current clinicopathologic diagnostic criteria for Barrett esophagus.
- Recognize the appearance of several medications that can be identified on routine histology.
- Explain the most common forms of gastritis with emphasis on the autoimmune form.
- Restate the natural history and disease biology of ductal carcinoma in situ.
- Recognize cytomorphologic pitfalls encountered in interpreting cerebrospinal fluid.
- Describe mediastinal anatomy and cytology sampling techniques.
- Discuss the appropriate use of p16 immunohistochemistry and HPV RNA in situ hybridization.
- Explain the TCGA molecular classification system of endometrial carcinoma.
- Review the interpretative challenges that attend MMR immunohistochemistry and understand the clinical implications of loss in tumors of the gynecologic tract.

No special educational preparation is required for this CME activity.

COURSE ORGANIZATION

This program is planned and organized by Educational Symposia, a leader in continuing medical education since 1975.

ACKNOWLEDGEMENT

Educational Symposia appreciates our corporate supporters and exhibitors. A list of industry supporters will be provided and acknowledged at the meeting.

CANCELLATIONS

Cancellations must be received in writing. A \$50 processing fee will be applied to all cancellations. Refunds requested in writing prior to October 5, 2018 will be issued for the amount of tuition paid less the \$50 processing fee. No refunds will be made on or after that date.

REGISTRATION INFORMATION

Tuition for live conference includes all course materials, an electronic color course syllabus (printed color syllabus available for \$95, advanced purchase only), daily continental breakfasts and coffee breaks. Early registration is strongly suggested. There will be a \$100 surcharge for anyone registering after **October 23, 2018**. Minimum and maximum attendance levels have been established for this meeting. If your registration cannot be accepted, you will be issued a full tuition refund.

Tuition for live webcast includes participation for one registrant. Each registrant must sign-in on a separate computer to receive credit. Prior to the meeting we will send you further information about the log in process. We will also send you an electronic color course syllabus via email. If you have any questions or problems logging into the meeting we will have support personnel available at (800) 338-5901. There will be a \$100 surcharge for anyone registering after **October 23, 2018**.

Please note: A minimum number of registrants is required to live webcast this course. If the minimum number is not met by **October 5, 2018** the live webcast activity may be cancelled and a full refund issued.
