About The Meeting

This course is designed to provide a review of brain and spine imaging. It includes a practical review of neuroimaging and leads into more advanced imaging techniques used to diagnose and manage patients with neurological disorders. Emphasis is placed on the role of imaging in stroke, tumor detection, degenerative disease and trauma affecting the central nervous system. Discussions will include imaging pearls and tips on how to avoid pitfalls. The informal, intimate environment is designed to allow ample opportunity to ask questions and engage in discussion with the faculty.

The purpose of this program is to improve diagnostic skills in neuroradiology and expand clinical knowledge of conditions affecting the central nervous system.

Target Audience

This program is designed for practicing radiologists, neurologists and neurosurgeons who interpret or rely on imaging studies for the evaluation of neurological disorders. It will benefit physicians who clinically manage patients with neurological disorders and traumatic injuries to the central nervous system.

Educational Symposia

Accreditation

Physicians: Educational Symposia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Educational Symposia designates this live activity for a maximum of 12.0 *AMA PRA Category 1 Credit(s)*TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Educational Objectives

Attendees should, at the completion of this course, be able to:

- Evaluate intracranial tumors, vascular abnormalities and spine disorders.
- Recognize image characteristics of common neurovascular disease processes.
- Utilize CTA and MRA in neuroradiology applications.
- Describe the evolving role of imaging in the management of neurological disorders.
- Incorporate functional imaging techniques in the diagnosis and management of neurological disease.
- Be familiar with diagnostic pitfalls in neuroimaging.

*No special educational preparation
is required for this CME activity.*

Course Organization

This program is planned and organized by Educational Symposia, the leader in continuing medical education since 1975.

Acknowledgement

Educational Symposia has received no corporate support for this symposium.
