A CME Teaching Activity

2015 PERIPHERAL VENOUS INTERVENTIONS AND ULTRASOUND

Designated for SA-CME

IAC ACCREDITATION

All or a portion of this educational activity may meet the CME requirements for IAC Vascular Testing accreditation.

11.25 AMA PRA Category 1 Credit(s)™

Release Date: November 15, 2014

About This CME Teaching Activity

This CME teaching activity provides a detailed review of the complex anatomy and physiology of the peripheral venous system while highlighting the minimally invasive procedures used to treat the multitude of venous disorders. Expert faculty will share their knowledge of scanning techniques, pearls, pitfalls and challenges associated with imaging the venous system and documenting hemodynamic dysfunction. In addition to diagnostic duplex ultrasound and color flow mapping techniques, their role in treatment will be included in thorough reviews of commonly performed interventions such as venous ablation, sclerotherapy and thrombolytic therapy.

Target Audience

This CME teaching activity is primarily intended for interventional radiologists, vascular surgeons, cardiologists and other physicians who perform minimally invasive venous procedures and interpret or rely on venous ultrasound studies in their practice.

Scientific Sponsor

Educational Symposia

Accreditation

Physicians: Educational Symposia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Educational Symposia designates this enduring material for a maximum of 11.25 AMA PRA Category 1 $Credit(s)^{TM}$. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

SA-CME: Credits awarded for this enduring activity are designated "SA-CME" by the American Board of Radiology (ABR) and qualify toward fulfilling requirements for Maintenance of Certification (MOC) Part II: Lifelong Learning and Self-assessment.

All activity participants are required to pass a written or online test with a minimum score of 70% in order to be awarded credit. (Exam materials, if ordered, will be sent with your order.) All course participants will also have the opportunity to critically evaluate the program as it relates to practice relevance and educational objectives.

AMA PRA Category 1 Credit(s)™ for this activity may be claimed until November 14, 2017.

This CME activity was planned and produced by Educational Symposia, the leader in diagnostic imaging education since 1975.

This activity was planned and produced in accordance with the ACCME Essential Areas and Elements.

Educational Objectives

At the completion of this CME teaching activity, you should be able to:

- Discuss the clinical indications and applications of venous ultrasound.
- Describe the indications and complications of vena cave filters.
- Compare the different venous ablative therapies.
- Describe venous insufficiency treatment and post procedure management options.
- Recognize sonographic features of successful and failed bypass graft and stent.

No special educational preparation is required for this CME activity.

DVD CME Packs

Educational Symposia is constantly exploring ways to better serve our customers. Subscribers of our DVD CME teaching programs asked for a simpler way to share a DVD Teaching Program. We listened and are pleased to offer the DVD CME Pack. Here's how it works. Once the initial order for an entire set is placed, order as many DVD CME Packs as needed at a significantly reduced price. It really is that simple!

Educational Symposia's innovative DVD CME Packs allow each participating physician to own his/her set of DVDs. A personal set provides the opportunity to view at one's own convenience and adds to a personal reference library. DVD CME Packs are priced to make it a practical alternative to "waiting in line" to receive the next DVD.

Each DVD CME Pack contains:

- An entire set of DVDs in a convenient case designed for durability and ease of access
- · One CME application and test
- A one or two volume syllabus (depending on the series). Syllabus is included in the purchase price but is not
 enclosed in the DVD CME case.

See order form to order a DVD CME Pack for this series. To order a DVD CME Pack for a previously purchased DVD teaching program, visit us online at www.edusymp.com, or call toll free at (800) 338-5901.

Multiple CME Subscribers...

Educational Symposia DVD Teaching Programs are accredited for AMA PRA Category 1 Credit(s)TM for three years from the original release date. Once the initial order for an entire set is placed, the number of CME applications and/or DVD CME Packs that can be ordered is limitless. Simply call (800) 338-5901 or access our website at www.edusymp.com and reference the name of the person or facility of the originating order. See order form for pricing.

DVD Cancellation Policy

If you are not satisfied with your purchase, you may return your purchase within 15 days of receiving it. You will receive a refund, less a \$125.00 processing fee. If you are returning/cancelling multiple DVD series, please note the \$125.00 processing fee applies to each series. If your purchase was sent express, the additional shipping charges will NOT be refunded. No refunds can be made after 15 days. All cancellations must be in writing. CME credit cannot be granted on returned purchases. Abuse of this cancellation policy (2 or more returns) renders the cancellation policy void. There are no refunds for DVD CME Packs.

On-Demand Cancellation Policy

ESI On-Demand offers a free trial period on docmeded.com. Please use the evaluation period to make sure the service is right for you and your online system meets the requirements necessary to view. If you are not satisfied with your purchase, you may receive a refund if you have watched less than 20% of your purchase. If you experience difficulty accessing or viewing your purchased product, help is available. Please contact us at info@docmeded.com or (800) 338-5901 or (813) 806-1000.

Reduce your mail clutter or just add email announcements. Please visit the "Mailing List" section of our website at www.edusymp.com.

Program

Venous Assessment And Hemodynamics

Session 1

Evaluation of the Swollen, Painful Limb *Phillip J. Bendick, Ph.D.*

Venous Assessment Tools - Use of CEAP and VCSS in Clinical Practice

Marc A. Passman, M.D.

Ultrasound and Venous Hemodynamics Lisa E. Pavone, M.D., RVT

Session 2

Venous Ultrasound Imaging and Functional Testing *John Blebea, M.D., M.B.A.*

Physiologic Testing *Ann Marie Kupinski, Ph.D., RVT*

The Venous Duplex Ultrasound Examination: An Overview

Phillip J. Bendick, Ph.D.

Credentialing And Accreditation

Session 3

Ultrasound Credentialing & Documentation Requirements

Lisa E. Pavone, M.D., RVT

Can IAC - Vein Center Accreditation Help Standardize Quality of Vein Care?

Marc A. Passman, M.D.

If you receive more than one brochure, please pass the extra along to a colleague.

Venous Thromboembolism

Session 4

Best Strategies for the Prevention of Venous Thrombosis

John Blebea, M.D., M.B.A.

Inferior Vena Cava Filters: Indications and Complications *John Blebea, M.D., M.B.A.*

Placement of Bedside Vena Cava Filter Using Transabdominal Ultrasound *Marc A. Passman, M.D.*

Chronic Venous Insufficiency - Pre-Operative Evaluation And Management

Session 5

Pre-Operative Evaluation of the Patient with Chronic Venous Insufficiency *Phillip J. Bendick, Ph.D.*

Vascular Lab Testing for Cardiac Surgery Patients

Ann Marie Kupinski, Ph.D., RVT

Carotid Stent Ultrasound
Ann Marie Kupinski, Ph.D., RVT

Chronic Venous Insufficiency - Pre-Operative Evaluation And Management

Session 6

Varicose Veins: The Spectrum of Treatment Options

Lisa E. Pavone, M.D., RVT

The Use of Ultrasound in Venous Thermal Ablation and Sclerotherapy *Lisa E. Pavone, M.D., RVT*

Intraoperative Sonography for Venous Ablation Procedures *Phillip J. Bendick, Ph.D.*

Role of Intravascular Ultrasound Imaging in Venous Interventions

Marc A. Passman, M.D.

Post-Operative Evaluation

Session 7

Non-Invasive Post-Operative Follow-Up and Evaluation After Treatment for Chronic Venous Insufficiency *Phillip J. Bendick, Ph.D.*

Management of VTE Events Following Venous Interventions *John Blebea, M.D., M.B.A.*

Arterial Ultrasound of Arterial Bypass Grafts and Stents

Ann Marie Kupinski, Ph.D., RVT

CME Teaching Activity
2015 Peripheral Venous Interventions and Ultrasound

www.docmedED.com

This option may be for you.**

Access this program anytime, from anywhere! Purchase and view the lectures at your convenience on your computer, TV or other internet connected device**. View the lectures as often as you like for 3 years.

The process is simple.

- 1) Go to docmeded.com and create an account.
- 2) In the search box enter the code "PVUIV15".
- 3) Add 2015 Peripheral Venous Interventions and Ultrasound to your cart.
- 4) Click the blue button "View cart and checkout."
- Proceed to checkout.
- 6) Please review the information, including the privacy statement.
- 7) Click "Proceed to Payment Details" and complete payment information.
- 8) You now have access to this CME teaching activity on docmeded.com.

This CME teaching activity is available in its entirety or individual lectures. The platform will bookmark where you left off and allows you to resume when you return. Take your time and go at your own pace.

To claim CME credit complete the required test and short evaluation. Then print your certificate.

** Internet connection is required to view this on-demand program. This is not a downloadable product.
