About The Meeting

This seminar is designed to provide a practical review of hematopathology, head and neck pathology, molecular diagnosis and fine needle aspiration biopsy (FNAB). Faculty will discuss basic to advanced techniques, pitfalls and pearls to pathologic diagnosis. Interactive case reviews emphasizing the material presented will round out the program.

Target Audience

This CME activity is primarily intended and designed to educate pathologists.

Needs Assessment

This is an annual meeting aimed at pathologists to improve the quality of their diagnostic and consulting skills. The topics are selected through identification of professional practice gaps, the review of previous evaluations, expert faculty opinion and input from participants.

Program Accreditation

Physicians: Educational Symposia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Educational Symposia designates this live activity for a maximum of 20.0 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Educational Symposia has been approved by the American Board of Pathology as a provider of SAMs.

Educational Objectives

Attendees should, at the completion of this course, be able to:

- Recognize the different types of tissue fragments in FNAB specimens, recognize several cytomorphologic patterns of FNAB specimens, and render a diagnosis based on a pattern recognition of FNAB specimen.
- Recognize the basic architectural patterns seen in thyroid aspirates and be able to identify and diagnose common benign and malignant thyroid lesions.
- Render a diagnosis based on pattern recognition of thyroid FNAB specimens and formulate a broad differential diagnosis.
- Recognize the basic architectural pattern seen with salivary gland aspirates and be able to identify and diagnose common benign and malignant salivary gland lesions.
- Render a diagnosis based on pattern recognition and salivary gland FNAB specimens and formulate a broad differential diagnosis.
- Describe the basic technique and pitfall avoidance of fine needle aspiration biopsy performance.
- Discuss the new WHO criteria for the diagnosis of myeloid neoplasms in blood and bone marrow.
- Apply strategies for integrating molecular and genetic testing into routine clinical practice.
- Achieve a better understanding of salivary gland pathology in the molecular era.
- Recognize lesions of the sinonasal tract and differentiate bad actors from benign lesions.
- Achieve a more practical approach to lymphoid disorders in blood and bone marrow.
- Differentiate mucosal lesions of the head and neck.

*No special educational preparation
is required for this CME activity.*

Course Organization

This program is planned and organized by Educational Symposia, a leader in continuing medical education since 1975.

Acknowledgement

Educational Symposia appreciates our corporate supporters and exhibitors. A list of industry supporters will be provided and acknowledged at the meeting.

Family Meal Plan

We invite those accompanying you to the meeting to participate in the Family Meal Plan. Sign up for the Family Meal Plan during registration on-site at the meeting registration desk.

Cancellations

Cancellations must be received in writing. A \$50 processing fee will be applied to all cancellations. Refunds requested in writing prior to January 8, 2016 will be issued for the amount of tuition paid less the \$50 processing fee. No refunds will be made on or after that date.

Registration Information

Tuition for live conference includes all course materials, including a comprehensive course syllabus (printed black and white syllabus or color e-syllabus) and daily breakfasts. Early registration is strongly suggested. There will be a \$100 surcharge for anyone registering after January 28, 2016. Minimum and maximum attendance levels have been established for this meeting. If your registration cannot be accepted, you will be issued a full tuition refund.

Tuition for live webcast includes participation for one registrant. Each registrant must sign-in on a separate computer to receive credit. Prior to the meeting we will send you further information about the log in process. We will also send you a comprehensive color electronic course syllabus via email. If you have any questions or problems logging into the meeting we will have support personnel available at (800) 338-5901. There will be a \$100 surcharge for anyone registering after January 28, 2016.

Please note: A minimum number of registrants is required to live webcast this course. If the minimum number is not met by January 8, 2016 the live webcast activity may be cancelled and a full refund issued.
