ABOUT THE MEETING

This symposium provides a practical yet cutting edge approach to the clinical applications of MRI and CT. Topics include neuroimaging, cardiovascular, body, and musculoskeletal applications of CT and MR. Lectures with integrated workstation reviews demonstrate modern image display and basic post processing applications. Emphasis of this meeting is on the practical and clinical uses of new technologies. Faculty members have been selected for their teaching ability, as well as their expertise.

Integrated Workstation Reviews will be presented using Vital Images advanced visualization software.

TARGET AUDIENCE

This CME activity is primarily intended and designed to educate diagnostic imaging physicians who perform and interpret MRI and CT examinations. It should also be useful in educating referring physicians who order MRI and CT procedures, as well as radiologic technologists.

ACCREDITATION

Physicians: Educational Symposia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Educational Symposia designates this live activity for a maximum of 18.0 AMA PRA Category 1 Credit(s)TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Technologists: This program has been submitted to the ASRT. The number of A CE credits will be available approximately 30 days prior to the meeting. Please visit www.edusymp.com or call 1-800-338-5901 regarding the availability of Category A CE credit.

Self-Assessment Modules (SAMs): Educational Symposia has been granted Deemed Status by the American Board of Radiology (ABR). This allows Educational Symposia to develop and implement SAMs that satisfy ABR Part II MOC requirements.

EDUCATIONAL OBJECTIVES

Attendees should, at the completion of this course, be able to:

- Utilize high resolution CT to evaluate lung and colon disease.
- Optimize musculoskeletal and body imaging protocols.
- Differentiate normal from abnormal CT and MR findings of common neurological, cardiopulmonary, musculoskeletal and abdominal disorders.
- More accurately assess neurological disorders using MR and CT.

No special educational preparation is required for this CME activity.

REGISTRATION INFORMATION

Early registration is strongly suggested. There will be a \$100 surcharge for anyone registering after **January 26, 2017**. Minimum and maximum attendance levels have been established for this meeting. If your registration cannot be accepted, you will be issued a full tuition refund.

Please note: A minimum number of registrants is required to live webcast this course. If the minimum number is not met by **January 6, 2017** the live webcast activity may be cancelled and a full refund issued.

CANCELLATIONS

Cancellations must be received in writing. A \$50 processing fee will be applied to all cancellations. Refunds requested in writing prior to **January 6, 2017** will be issued for the amount of tuition paid less the \$50 processing fee. No refunds will be made on or after that date.
