## About The Meeting

This seminar is designed to provide a practical review of head and neck pathology. Basic to advanced topics, pitfalls and pearls to head and neck neoplastic disease will be presented. Topics include thyroid and salivary glands, HPV related cancers, odontogenic and sinonasal pathology.

## Target Audience

This CME activity is primarily intended and designed to educate pathologists.

## Scientific Sponsor

Educational Symposia

## Accreditation

**Physicians:** Educational Symposia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Educational Symposia designates this live activity for a maximum of 12.0 AMA PRA Category 1 Credit(s)<sup>TM</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## Educational Objectives

Attendees should, at the completion of this course, be able to:

- Recognize contemporary terminology and classification in head and neck neoplasia.
- Apply cost-effective utilization of ancillary studies in head and neck neoplasia.
- Understand the limitations and potential pitfalls of each diagnostic tool.
- Compose differential diagnoses in head and neck neoplasia when biopsy material is limited.
- State the clinical (prognostic and therapeutic) implications for making a given head and neck diagnosis.

*No special educational preparation is required for this CME activity.*
