2020
Fetal Echocardiography:
Normal and Abnormal Hearts
Designated for SA-CME
16.75 AMA PRA Category 1 Credit(s)™

About This CME Teaching Activity
The CME activity provides detailed information on the evaluation of the normal fetal heart and fetal heart anomalies. The use of 2D and Doppler in fetal echocardiography is discussed and the limitations of the technique are presented. The activity also provides a comprehensive evaluation of cardiac malformations, involving abnormalities of the cardiac chambers and the outflow tracts.

Scientific Sponsor
Educational Symposia

Accreditation
Physicians: Educational Symposia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. Educational Symposia designates this enduring material for a maximum of 16.75 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

SA-CME: Credits awarded for this enduring activity are designated “SA-CME” by the American Board of Radiology (ABR) and qualify toward fulfilling requirements for Maintenance of Certification (MOC) Part II: Lifelong Learning and Self-assessment.

All activity participants are required to take a written or online test in order to be awarded credit. (Exam materials, if ordered, will be sent with your order.) All course participants will also have the opportunity to critically evaluate the program as it relates to practice relevance and educational objectives. AMA PRA Category 1 Credit(s)™ for this activity may be claimed until February 14, 2023.

This CME activity was planned and produced by Educational Symposia, a leader in continuing medical education since 1975.

Educational Symposia

Accreditation

Physicians: Educational Symposia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. Educational Symposia designates this enduring material for a maximum of 16.75 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

SA-CME: Credits awarded for this enduring activity are designated “SA-CME” by the American Board of Radiology (ABR) and qualify toward fulfilling requirements for Maintenance of Certification (MOC) Part II: Lifelong Learning and Self-assessment. All activity participants are required to take a written or online test in order to be awarded credit. (Exam materials, if ordered, will be sent with your order.) All course participants will also have the opportunity to critically evaluate the program as it relates to practice relevance and educational objectives.

AMA PRA Category 1 Credit(s)™ for this activity may be claimed until February 14, 2023.

This CME activity was planned and produced by Educational Symposia, a leader in continuing medical education since 1975. This activity was planned and produced in accordance with the ACCME Essential Areas and Elements.

Educational Objectives

At the completion of this CME teaching activity, you should be able to:

• Discuss indications for fetal echocardiography, review existing guidelines and the approach to patient counseling.
• Optimize ultrasound equipment for the use of 2D and Doppler in fetal echocardiography.
• Review the normal fetal cardiac anatomy.
• Describe the abnormalities of the venous system of the fetal heart.
• Discuss in detail anomalies of the cardiac chambers to include septal defects and anomalies of the right and left ventricle.
• Review in detail anomalies of the outflow tracts to include transposition of great arteries, tetralogy of Fallot complex and aortic arch abnormalities.

No special educational preparation is required for this CME activity.

About This CME Teaching Activity

The CME activity provides detailed information on the evaluation of the normal fetal heart both from an anatomical and functional approach. Detailed anatomic and functional correlations of the normal fetal heart will be emphasized in fetal echocardiography and cardiac imaging in the early gestation. The activity also provides a comprehensive evaluation of congenital malformations, involving anatomy of the cardiac chambers and the outflow tracts. This CME activity will greatly benefit physicians in the field of obstetric imaging, fetal echocardiography and pediatric cardiology. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
**Faculty**

**Program**

**SESSION 1**

New National Guidelines for Fetal Echocardiography: A Grand Review
Alfred Abuhamad, M.D.

Fetal Echocardiography: How to Optimize the Ultrasound Examination
Yael Eizenberg, M.D., M.P.H.

**SESSION 2**

Screening for Cardiac Malformations in the First & Second Trimesters of Pregnancy
Alfred Abuhamad, M.D.

Normal Cardiac Anatomy: The Cardiac Chamber
Yael Eizenberg, M.D., M.P.H.

**SESSION 3**

Anomalies of the Cardiac Chambers 1: Atrial & Ventricular Septal Defects
Mary T. Donofrio, M.D., FAAP, FACC, FASE

Anomalies of the Cardiac Chambers 2: Atrioventricular Septal Defects
Mary T. Donofrio, M.D., FAAP, FACC, FASE

Abnormal Right Ventricle
Anita J. Moon-Grady, M.D.

**SESSION 4**

Fetal Ecstasy & Tachycardias: Diagnostic & Management
Yael Eizenberg, M.D., M.P.H.

Hands on Scanning - Session 6: Fetal Echocardiography: Evaluation of Cardiac Right & Left Ventricles
Yael Eizenberg, M.D., M.P.H.

Panel Discussion 1: Faculty

**SESSION 5**

Type & Trifacial of Fetal Echocardiography
Tracy L. Anton, BS, RDMS, RDCS, FAIUM

Role of Fetal Cardiovascular Evaluation in Twin-Twin Transfusion Syndrome Diagnosis?
Yael Eizenberg, M.D., M.P.H.

Normal Cardiac Anatomy: The Ultrasound Tools
Yael Eizenberg, M.D., M.P.H.

Panel Discussion 2: Faculty

**SESSION 6**

Introduction to the Fetal Heart Society
Mary T. Donofrio, M.D., FAAP, FACC, FASE

Current Trends in Fetal Cardiac & Abnormal Hearts
Anita J. Moon-Grady, M.D.

**SESSION 7**

Hands on Scanning - Session 8: Fetal Echocardiography: Assessment of Fetal Cardiac & Abnormal Hearts
Anita J. Moon-Grady, M.D.

Panel Discussion 3: Faculty

**SESSION 8**

Hands on Scanning - Session 10: Fetal Echocardiography: Imaging in Early Gestation
Yael Eizenberg, M.D., M.P.H.

Panel Discussion 2: Faculty

**SESSION 9**

Introduction to the Fetal Heart Society
Mary T. Donofrio, M.D., FAAP, FACC, FASE

Current Trends in Fetal Cardiac & Abnormal Hearts
Anita J. Moon-Grady, M.D.

**SESSION 10**

Hands on Scanning - Session 12: Fetal Echocardiography: Fetal Cardiac & Abnormal Hearts
Anita J. Moon-Grady, M.D.
